

COUNCIL ON CHIROPRACTIC GUIDELINES AND PRACTICE PARAMETERS

The mission of CCGPP...“To provide consistent and widely adopted chiropractic practice information, to perpetually distribute and update this data, as is necessary, so that consumers and others have reliable information on which to base informed health care decisions.”

Evidence ❖ **Why your support matters...** Chiropractic is the safest and most effective treatment available for a wide-range of neuromusculoskeletal conditions; however, payors, business and industry leaders, legislators

Education ❖ and the public in general are still largely unaware of its efficacy in terms of both costs and treatment effectiveness. Many gaps still exist in the literature, and CCGPP is in need of significant funding in order to grant

Empowerment ❖ money to the colleges and other synergistic organizations so they can continue their important work.

Help Put Evidence Into Practice!

DONATION FORM

I proudly support CCGPP and believe my investment in the research-based initiatives developed by CCGPP will help maintain our profession's position as leaders in the healthcare field.
